

Information related to registration for BLINK Classics on August 1st, 2024:

BLINK Classics is a roller ski race in classic style with both the start and finish area located in the center of Ålgård. The course is the same for all participants, with timing provided for all competitors.

Course Route: The course runs from Ålgård center, through Figgjo and Fjermestad, passing through old Ålgård, and back to the center of Ålgård. Each lap is approximately 12.5 km. Please have a look at the attached course map on the following page for details.

When registering, please ensure that the age is in accordance with the Norwegian Ski Federation's age groups. As of now, post-May 1st in the 2024/2025 season, a skier born in 2010 is 15 years old for this race.

Senior Elite Men and Women: Participants considered Senior Elite are those competing in the Norwegian Cup/International races/Ski Classics. They use IDT roller skis provided by the organizer with "3" wheels in the front and "4" wheels in the back for men. Women use roller skis with "3" wheels both in the front and back.

Men and Women aged 19-20: Participants in this age group use IDT roller skis provided by the organizer with "3" wheels. Those representing a long-distance ski team may register in the senior class.

Men and Women aged 15-18: The minimum allowed age is 15 years old (born in 2010). Participants in the age groups 15-16 years old (boys and girls) and women 17-18 years old are required to use their own roller skis with training wheels, equivalent to so-called "2" wheels". Additionally, 17 and 18-year-old men use their own roller skis with "3" wheels". Wheel checks will be conducted prior to the start.

Recreational Men/Women: This category is for recreational skiers who wish to challenge themselves on the same course as the elite participants. Recreational skiers use their own skis with "2" wheels. If overtaken by senior competitors, they will be removed from the race.

Para classes: There will be classes for senior para-athletes. All will participate for one lap (15.5 km).
